

Cleaning Block

THE ECOLOGICAL POWERFUL CLEANER

POLYDROS, S.A.

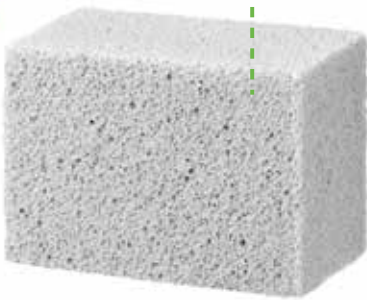

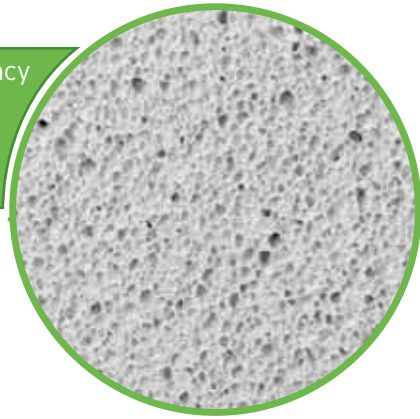

Since 1961 manufacturing high-quality products

The ecological powerful cleaner

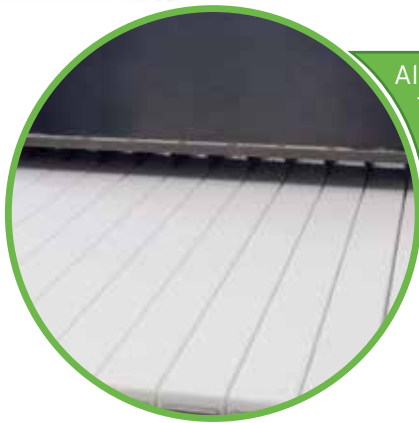

WHAT IS CLEANING BLOCK?

The cleaning blocks are scouring stones with a similar consistency to the pumice stone. They are composed of thousand of little pores that catch the most encrusted dirt and get rid of it. Without any effort!

HOW IS IT MADE?

All our products are manufactured in our factory in Madrid (Spain). The blocks are made from recycled glass, treated at high temperatures in advanced ovens in a process similar to Nature's in the formation of volcanic pumice stone.

EARTH-FRIENDLY

The Cleaning Blocks are completely earth friendly, chemical-free, non-toxic, hypoallergenic, safe for pets and people. Its structure avoid bacteria to grow in them. Powerful cleaning taking care of you health

Properties

Cleaning Block W.C.

What is it?

Cleaning Block WC is a stick specifically designed to remove the most encrusted dirt in the bathroom

Safe for porcelain

It has been designed with a lower level of hardness to be safe for porcelain.

Cleaning Block GRILL

Higienic and effective cleaning

Fast and effective cleaning
Without chemicals or odours

Great scouring power

The most effective cleaning tool
to clean the barbecue.

Cleaning a Grill becomes a fast, effective and easy work with Cleaning Block Grill

IT CONFORMS TO THE GRILL SHAPE

Its structure adapts to the form of the metal bars of the grills, allowing a perfect cleaning, not only of the top of the bars but also of the sides of them.

BETTER THAN METAL BRUSHES

Metal brushes can be dangerous. Metal bristles can become loose on grill. If swallowed, they can cause severe injury and require surgery. Cleaning Block GRILL is more effective and avoids this huge risk.

- ✓ GREAT FOR GRILLS AND BARBECUES
- ✓ BETTER THAN BRUSHES AND SCRAPERS
- ✓ GREAT RESULTS WITH BURNT-ON FOOD
- ✓ NO CHEMICALS NEEDED
- ✓ CLEAN WITHOUT TOXIC GASES OR ODOURS

Cleaning Block GRILL

How does it work?

Using Cleaning Block GRILL is really simple:

- 1 Wet the Cleaning Block in water
- 2 Rub the surface
- 3 Wipe off the residue with a cloth

That's it!
